CARRIER OBJECTIVE

To obtain a challenging and responsible position in a dynamic company, utilizing my professional qualifications for the progress and success of the organization and to update myself with the latest technologies, thus progressing in my career.

EXPERIENCE

Unified Mentor (Web Development Intern)

(07/2024 – 08/2024)

- Worked as web development intern at Unified Mentor and working on Industry level projects. During the internship period I worked on a personal project name is Student-Teacher-Booking-Appointment. I created this project using HTML, CSS, JavaScript.

SKILLS

Technical Skill: •HTML •CSS •JavaScript •Bootstrap •Python •Django •SQL •MongoDB •PostgreSQL

Soft Skill: •Task Management •Time Management •Leadership

EDUCATION

Maharshi Dayanand University (Bachelor of Technology)

Gurgaon (2021-2025)

Govt. Sr. Sec. School (12th)

Fatehabad (03/2019 - 03/2020)

Adarsh Sr. Sec. School (10th)

Fatehabad (03/2017 - 03/2018)

PROJECTS

Task Management

- Created a task management website using HTML, CSS, and MySQL to help users easily organize and track their tasks. The website allows users to add, update, and delete tasks, and view a list of all their tasks.

Medical Center

- Created a healthcare website using Bootstrap 4, focused on improving patient interaction and providing detailed medical information. This project included making an easy-to-use website where patients can find services, book appointments, access health resources, and contact doctors.
- Technologies Used: HTML5, CSS3, Bootstrap 4, Django, PostgreSQL

Coffee Shop

- Created a stylish and responsive coffee shop website. The project aimed to enhance customer engagement and provide comprehensive information about the coffee shop. It involved designing a user-friendly interface where customers can easily explore the menu, learn about the coffee shops story, find location details, and get in touch with the shop.
- Technologies Used: HTML5, CSS3, Bootstrap 4, Django, PostgreSQL
